AFL

The AFL is no longer using GameDay for memberships and competitions. If you are a participant, please contact your club or league directly. If you are an administrator, please contact your AFL state body directly, who can provide further assistance with platform-related queries.

Basketball Australia

If you are a participant, please contact your club directly as your first point of contact.

If you are a club administrator, please contact your association, and if you are an association administrator please contact your state body or feel free to email the Basketball Australia support team [here](#), who can provide further information and advice.
