

How do I add new Pay Rates in Schedula?

Last Modified on 04/01/2024 8:39 am AEDT

Schedula allows administrators to define customise Pay Rates to allow the system to calculate how much an official is owed when appointed to a match. Pay Rates are based on a number of variables including the competition, official type, and number of officials appointed to a single match, allowing your payment processing algorithm the flexibility needed to generate accurate bank files and payment reports.

To create a new Pay Rate in Schedula:

1. From the left-hand Schedula menu, select **Schedula Settings** > **MANAGE PAY RATES**

2. Select your **Organisation** and **Season**, then click **MANAGE PAY RATES**

| 🙆 Manage Pay Rates 🕕 | | | | |
|----------------------|------------------|---|--|--|
| Organisation | VCFL Test | • | | |
| Season | 2021 • | | | |
| [| Manage Pay Rates | | | |

3. Find the relevant competition in the list provided, then click ADD NEW RATE

| 🖉 Manage Pay Rates 0 | | | | | | | |

| 2021 Test Cor | npetition | | | | | | |
| Appointment Type | | Rule | Pay Official | Charge Club | Effective Date | Item Code | |
| No rates defined for this competition. | | | | | | | |
| Add New Rate | | | | | | | |

- 4. Fill in the below information
 - **Appointment Type**: Choose which type of official the rate will apply to
 - **Rule**: Choose how many officials need to be allocated to a single match for this rate to take effect
 - Pay Official: Enter the amount to pay the official for this rate
 - Charge Club: Enter the amount to charge the club for this rate
 - Effective Date: Enter the date at which the pay rate will start to take effect
 - **Item Code**: Enter a unique code for the rate. This is used to match your item codes when importing payment data to MYOB
